**RE: March 21, 2023 Park Board Meeting**

Hello everyone,

**We will be meeting at 5:30 p.m. on Tuesday, March 21, 2023. REMINDER:** Park Board members must attend in person at city hall to participate. The public may attend via Zoom.

We will be looking to meet our newest new park board member, Mr. Edmond Bosas. He is a father of two that lives near Elms Park!

By way of update, the Safe Routes to School project bid within 10% of the engineers estimate. This makes the project viable, and we expect work to start soon with help from the Safe Routes to School MDOT grant. The city is also applying for a DNR Recreation Passport Grant, as well as congressional spending from both Michigan Senators and Congressman Kildee. These funds, if awarded, would support improvements at Otterburn Park.

Mrs. Bosas is working to get new signs purchased and installed at Elms Park. This is part of our effort to create more awareness and compliance with park rules. She will also be mobilizing the DPW to better arrange for parking and traffic circulation in the park by relocating many boulders and bollards that corral traffic.

Concerning the first year of reservations under the new system, staff reports the following: there are 17 total reservations (9 resident and 6 non-resident), as well as 2 events. There are few a negative comments but nothing serious. It seems most people are in agreement that there was an issue.

First on our agenda will be the introduction of Mundy Township. Mundy is a partner of the city in many ways, including park and recreation planning and services. We each provide a seat for a member of our partner community on our respective boards, and we both utilized the Swartz Creek DPW for service provision. In addition, we happen to share the same grant writer and Community Development Director. With that said, we are hosting

our first joint meeting. We look forward to getting to know the members better, hearing about what they are up to, and finding ways to help each other.

Next on the agenda is the potential for the donation of a mini-library (book sharing venue) for Abrams Park. This is a project of the area women's club, and I think it is a great idea. They will have a representative present to go over their idea. If agreeable, it would be desirable to have the park board vote to recommend approval of the donation to the council.

Lastly on the agenda is the 2023 work plan for Elms and Abrams Parks. It appears we have about \$117,000 to spend between Abrams and Elms Parks. For Elms, there is budget remaining for \$50,000 on the internal trail and \$10,000 for forestry. Abrams has \$10,000 for forestry and \$57,000 for the basketball court.

I am including a list of initial estimates of maintenance and rehabilitation projects that have been planned for those locations. Rob put this together, and I think there are some great opportunities there. In addition, we know that forestry has become a large budget item for Abrams Park. We ask the Park Board to prioritize spending up to \$117,000 based upon this or related opportunities. We can then solicit bids now and/or ensure budget encumbrance carry over past the June 30 fiscal year end.

We should have some verbal updates on the DDA's plan to focus on a placemaking project downtown. This is likely to focus on activating Holland Square for more events.

As a closing and unfortunate note, Mrs. Rae Lynn Hicks has resigned from the park board. She has been a dedicated member for many years and is very involved in the community. She has expanded her role in the Women's Club and is not able to fulfill both commitments to her satisfaction. We will miss her!

Contact me with additional future agenda items, questions, or comments.

Sincerely,

Adam H. Zettel, AICP
